~45%

of routine member queries AI agents can deflect (2025 CX benchmark)

-45% / +12 pt

one healthcare group's contact-center cost cut and satisfaction gain with Amazon Connect AI

How we solve it

verify_member → retrieve → draft_response → compliance_check → [Member-Services Rep gate] → finalize

Outcomes

- Lower cost per call / deflection
- Better member experience (Stars)
- Identity-safe, grounded answers
- Compliant grievance intake

The bright line

No account disclosure without a verified member; the agent cannot submit an appeal — it hands off to revenue cycle.
